Cross stitch - worked in two strands of thread, over two threads.

Colonial knots - worked in **two strands**

(See 'Introduction' for stitches (Page 7))

Method:

1. Follow on from Block 2 placing the next six patterns in the correct position on the chart. For ease of working there are SIX blocks of six designs. To help line the blocks up a tacking line in RED surrounds the six blocks. This is optional but will help to align the blocks correctly.

2. The outline for each sweet is worked in backstitch Black 310 or white as appropriate to the colour scheme.

The filler or 'diaper' patterns are added once the outline has been completed using the colour scheme chosen (see charts and jpgs.)

The framework is the same for all variations

Block 3 Navy

The gold metallic threads can be replaced by DMC E168 Silver and Mill Hill glass beads 2022 Silver in place of the gold beads.

Use the chart for Block 3 black and gold when working the navy pattern. This design is also suitable for black, emerald green or red fabric.

Taking the design further:

Individual blocks can be joined together to make new designs. Allow sufficient material around the design for mounting.
