Trio Green

Using limited colours can produce an effective design which can be repeated or worked as a single motif. Cross stitch can be worked in a variety of threads ranging from metallics to cotton perle No.12. Use a design such as this to experiment with threads and find the ones which appeal to you.

Materials:

28 count evenweave 8 x 8 inches or 14 count Aida

Threads:

DMC stranded cotton
166 Medium light moss green, one skein
469 Avocado green, one skein
3857 Rosewood dark, one skein.

Tapestry needle No.24

Method:

Start from the centre of the design working outwards using two strands of cotton for the cross stitch.
When you have finished place the embroidery face down on a towel, spray lightly with starch and press..

I hope you enjoy stitching this mini motif. If you have any queries please contact:
